To qualify for the donation, all food and drink purchased in connection with the event must be recorded against a single bill, tab or function account. Eligible takings shall comprise all food and drink sales made to attendees during the event, provided such sales are included on the designated bill, tab or function account. Hydes Brewery will donate an amount equivalent to 20% of net eligible takings (ie exclusive of VAT) directly to the nominated charity, sports club or organisation. Donations will be paid directly to the nominated organisation's bank account by the end of the following calendar month after the event. To be eligible, the nominated charity, sports club or organisation must: • be a formally constituted organisation; • have its own bank account in the organisation's name; and • be able to provide bank account details upon request. The donation applies only to food and drink sales and excludes any gaming machine income, service charges, gratuities, gift card purchases and any other non-food-and-drink revenue. Any refunds, discounts, complimentary items or adjustments made in relation to the event shall be deducted from eligible takings before the donation amount is calculated.
